

11.2 Interim Oral Presentations

Presentation slides (.pptx or .pdf format) must be submitted/uploaded to the course onQ website by 12:00 noon on Tuesday, December 15.

Oral presentations must be performed for your Supervisor sometime before 12:00 noon on Tuesday, December 22, by any mutually convenient remote meeting process.

The Zoom meeting app is a good option. But if you want to use a different method, whatever method works best for both Student and Supervisor is fine.

The Student and Supervisor are responsible for arranging/scheduling/conducting the oral presentation. The Supervisor will evaluate the presentation, then forward the evaluation sheet to the Course Coordinator within 24 hours of assessing the presentation.

More presentation details:

Duration: 12 minutes plus 3 minutes for questions.

Audience: Supervisor/s and, optionally, research group members (e.g. Grad Students and/or Post-Docs).
