

ORIENTATION

For New Grad Students

Department of Chemical Engineering

September 1st, 2021
Kingston, ON Canada

Faculty of Engineering and Applied Science

Chemical Engineering

AGENDA

Welcome Associate Head	Martin Guay	8:30
Grad Presentation	Aris Docoslis	8:40
Graduate Assistant:	Laurie Phillips	9:15
CEGSA	Yazan Bdour	9:30
Safety Information:	Kelly Sedore	9:40
PSAC:	Lizzie Bygott	10:05

- **Mandatory Course Requirements**

- for ALL graduate STUDENTS
- CHEM801 (safety, 3 mandatory evening lectures and an exam)
- CHEE897, CBME802 or CMAS897 (seminar, continuous registration)
- CHEE899 (MAsc Thesis) or CHEE999 (PhD Thesis)
- Graduate Courses:
 - 4 for MAsc, 4 for PhD, 4 for promoted PhD
- *APSC 801 "Master of Engineering Foundations" (online module) is mandatory for M.Eng. Students (recommended for the rest)*

- **Completing Your Course-Based Degree (M.Eng.)**
 - 8 term-length courses taken in one year (24 units)
 - 1 term-length course is equal to a 12 week course taught in one term (Fall or Winter) for 3.0 units (e.g., CHEE8XX)
 - Graduate Modules are 1.5 units (e.g., CHEE9XX)
 - CHEE898 is a project course equal to 2 term-length courses or 6.0 units – need a supervisor with a small project, usually taken in the winter/spring terms
 - Four courses (or 12 units) must be CHEE courses
 - 2 400-level (non-CHEE) or 2 double-numbered courses (CHEE or non-CHEE) are allowed, or a combination of 2, total.

- CHEE double-numbered courses
 - **CHEE803/CHEE412** Transport Phenomena;
 - **CHEE821/CHEE434** Process Control II;
 - **CHEE909/CHEE460** Colloid & Surface Phenomena

- Thesis-based Master's Degree
 - Research Requirements – under supervision
 - Completion time 2 years (guaranteed funding)
 - Typically leads to a research publication
 - Thesis Defended to a Committee
 - Supervisor, Chair/Head's Delegate, Internal & External
 - 4 term-length courses
 - Not more than 1 in non-CHEE 4th year or 1 double-numbered course
 - 1 Research Seminar (timing determined by supervisor)
 - Seminar and Graduate Coordinators determine pass/fail
 - 15 minute seminar plus 5 minutes for questions
 - Seminar Days: Nov. 18th 2021 and April 28th, 2022

- Thesis-based Doctoral Degree
 - Research Requirements – largely self-directed
 - Completion time 4 years (guaranteed funding)
 - Typically leads to several research publications
 - 4 term length courses; 4 total for promoted students (only one double-numbered course allowed)
 - 2 Research Seminars (timing determined by supervisor)
 - Seminar and Graduate Coordinators determine pass/fail
 - 15 minute seminar plus 5 minutes for questions
 - Seminar Days: Nov. 18th 2021 and April 28th, 2022

Faculty of Engineering and Applied Science

Chemical Engineering

- Thesis-based Doctoral Degree (cont'd)
 - Comprehensive Exam – 12 months into program
 - Research Proposal presented to a committee composed of Chair/Head's Delegate, Supervisor, internal & external examiners
 - Supervisory Committee
 - Established at Comprehensive Exam: Supervisor, internal & external examiners
 - Meet annually after Comp Exam for review of progress report; SGS Progress Report submitted once per year
 - Thesis Defended to a Committee
 - Supervisory Committee, new Head's Delegate, Chair selected by the Grad School; an examiner external to Queen's

- Course Selection
 - In General
 - Talk with your supervisor, permission required
 - Permission of the Grad Coordinator required
 - Audits require pre-approval from your supervisor and do not count toward your course requirements
 - CHEE Courses
 - Talk to instructor about your background
 - External to the Department
 - Permission of the instructor required

- Courses at Royal Military College
 - Reciprocal Agreement; no tuition fee
 - Offerings are listed on CHEE website
 - Special Registration Procedure – see Laurie
 - Listed as a transfer credit from RMC with a separate transcript

- Transfer Credits
 - For courses not counting toward a previous degree
 - There must be an equivalent course at Queen's
 - Obtain a syllabus of the course
 - Write a letter of request to the Grad Coordinator
 - Your supervisor must declare their support of the transfer in a memo to the Grad Coordinator
 - The Grad Coordinator then sends the request to Grad Council for approval
 - Do not wait until the end of your program to make this request

ACADEMIC INTEGRITY

- Plagiarism

- Presenting work done (in whole or in part) by someone else as if it were one's own. Plagiarism should be distinguished from cooperation and collaboration. Often, students may be permitted or expected to work on assignments collectively, and to present the results either collectively or separately. This is not a problem as long as it is clearly understood whose work is being presented, for example, by way of formal acknowledgement or by footnoting.
- Copy and paste is considered plagiarism if not properly hi-lighted in the text as well as cited in the references.

PLAGIARISM FORM – sign and return to Laurie by September 30th

<https://www.queensu.ca/sgs/graduate-calendar/academic-integrity-policy>

- Promotion to Doctoral Program
 - After 2 terms in the Master's program but before the 6th term begins
 - Plan early; need good performance in courses (A- or better) AND demonstrated research potential
 - Can decrease total study time by ~1 year
 - Only 4 courses total are required for promoted students
 - One way ticket; no going back!
 - No-fee application; see Laurie for procedure

- Financial Support (MAsc & PhD only)
 - Laurie has emailed your funding package
 - We encourage you to apply for OGS and NSERC
 - information for NSERC will come to you by email later this term
 - Information for OGS will be available in January

- Teaching Assistantships
 - You are expected to TA at least one term during each year of your studies
 - One TA involves:
 - 6 hrs/week on average for a total of 72 hrs/term
 - TA contract = \$3,076.56 per term = \$769.14 per month
 - Important role and part of your education
 - Assignments are based on the needs of the undergraduate program and the expertise required

- TA Other Info
 - TA Union – representative will speak today
 - Discuss all duties with the course instructor
 - Keep track of your hours and keep the course instructor informed!
 - We hope you were able to take advantage of the Queen's Centre for Teaching & Learning Teaching Development sessions this week.

- File Back Up and Storage

- All your data has to be properly stored and backed up
- Queen's FEAS approved storage is cloudFiles

<https://cloudfiles.engineering.queensu.ca/>

- Login using your NetID and password
- Install the *drive client* to your computer

<https://it.engineering.queensu.ca/knowledge-base/category/cloudfiles/>

- Queen's ITS offers licenced software
- FEAS IT provides many, many software titles through

<https://apps.engineering.queensu.ca>

- Final Thoughts

- Discover great things, teach them to the world
- Don't be afraid to ask for help
- Get to know your fellow graduate students
- Develop a support network
- Enjoy and explore Kingston and the surrounding area
